200 Wonderful NEW FALL SUITS at

\$15 \$19.95 \$25

Better values than ever before. Greater variety—more sizes—better materials—better workmanship. Our suits at these three prices are \$2.50 to \$5.00 a suit better than you can find in any other city of Oklahoma. No charge is made for alterations. Our Miss Kennedy who has been with us several years is so capable at her work that all chances of having a suit spoiled is eliminated.

The materials are serge, gaberdine, poplins, broadcloths and velours. The colors are in their order: navy Russian green, Nigger brown, black, plum. The jackets are 26 to 30 inches long. Skirts are cut full and are usually worn short. In New York many of them are worn 6 inches from the floor. The trimmings are buttons—braid and fur. Linings used in our suits are Goetz, Beldings and Skimmers.

Another thing about our stock this season—We have bought lots of large sizes—42, 44, 46, 48 and 50, and at the different prices from \$15, to \$50. All large women in this county should come to Lutz's. We are ready for them. Our first purchase for fall this season amounted to 350 Suits. The largest orders we ever placed for our first shipments. They are coming in very fast and our assortment is very complete right now. If you want a Suit and you want a selection—if you want good value—careful alteration there is one place to get it and that right here.

DID THE ALLIES PLAN AHEAD TO LOSE POLAND?

(CONTINUED FROM PAGE ONE) Many threw the mass of their army against France. This leap forward on their part had happy results for us, for we advanced into enemy territory, notably in Galicia; now the tables are turned. However, it is impossible to hamper the liberty of movement of the Russian army in any particular region or on any particular frontier, and it would be impracticable to waste paratroopers in defending fortified towns which are none too safe, as the Austrians did in Przemyśl. That is why, examining, after a year of war, the map of the Russian front, we see the necessity for the living Russian army to maneuver and deploy on their base line. This would be the most useful object to aim at, especially in view of the situation, which has prevailed since the month of April. Wearing the Enemy Out. "At the present time we have

against us nearly all the German cavalry, nearly all the Austrian army, and more than half of the total German forces—about 70 divisions—and the enemy artillery has numerous guns of all calibers. The Russian army is offering a heroic resistance; it is not only standing under the most hellish fire, but it is inflicting countless losses upon the enemy and wearing him out notwithstanding his technical perfection. We are getting nearer to our supplies of ammunition by means of which we will correct our line and throw back the enemy. If only for this reason we can say that the evacuation of Warsaw, the line of the Vistula-Ivangorod-Novogorodsk will make certain that the Russian offensive this time will be definite and irresistible.

"At the threshold of the second year of war Russia has the most definite plans for the issue of the campaign, while maintaining at the same time the firm resolution to wage this fight to a victorious end."

HERE'S A HOT ONE FOR "TERRIBLE TEDDY"

Milwaukee, Aug. 30.—Charles Machel, a Milwaukee German, representing a number of his fellow countrymen, has mailed a letter to ex-President Roosevelt, at Oyster Bay, making him a financial offer to go to Europe and join the Allies. He says he is not at all confident the colonel will take advantage of the offer, but hints he will get a hot reception on the other side of the ocean, should he accept. The letter follows: "Dear Colonel: We see by the papers that you are 'shaving' for a fight with the Germans. Most Americans prefer to attend to their own business. Therefore, representing a small coterie of local men, who have subscribed \$250, I am instructed to tender you this amount to defray your expenses to enable you to join the Canadians who are going over to France. This will give you the time of your life."

GRATITUDE OF THIS MOTHER OVERWHELMING

BUT MAYBE "CHARLEY" REALLY WASN'T WORTH THE TROUBLE TAKEN

Oklahoma City, Okla., Aug. 30.—The world may be getting constantly better, declare officers at police headquarters, but there is still room, they maintain for the development of the well-known spontaneous heart gratitude.

And their latest specific example is this:

On an afternoon when the heavy Broadway traffic was at its height, Patrolman Roy Coswell snatched a 2 year old child, with the prettiest of yellow curls, almost from under the wheels of an automobile whirling by. No anxious parent could be found for the child, so the kind hearted patrolman left his beat and carried the toddler to police headquarters, where it was given candy and placed in care of the sergeant.

The sun had gone down and the gliding cars were whirling faster, faster and thicker up and down Broadway, when a woman came into police station. She was the mother of the child.

"Well, Charley," she exclaimed, "you're breaking in kinda early, ain't you?"

And she gathered the infant up in a bundle and whisked back out the front door without a word of thanks. 28 years old, an artist and musician, either for the patrolman who practically saved the child from injury or death, or for the officers who had cared for it and had fed it candy for four hours.

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address J. C. HENLEY & CO., Toledo, Ohio. Sold by all Druggists. Take Hall's Family Pills for constipation.

A Housewife's Lore.

An Italian recipe for cooking liver is a good one. Wash and slice the liver and stew it fifteen or twenty minutes in slightly heated water. Drain, chop fine, season with salt, pepper and chopped onion. Then put into a casserole half a cup of rice and a chopped carrot. Over this spread the liver, with the liquor in which it was chopped and plenty of butter on the top. Bake twenty minutes and brown with the cover off.
